*Vehicles will go to individuals who are working.*

We can't do this alone. We gladly accept donations for our Cars to Work Program. We not only accept car donations but even a small donation will help provide car inspections, registration, and car repairs for the cars we receive. If you would like to give back to the community please mail the donation to the address on the back. You can also easily donate by QR code or the PayPal link that is below.

# A Little About Us

Occupational Enterprises Inc. mission is to help members of the community to become self-sufficient by providing the tools to over come barriers. We help with resumes, job search, obtaining drivers license, and transportation. We help low income families who are ready, willing, and able to advance themselves to become self-sufficient. The OEI CARS FOR WORK program will help these individuals by placing them in a reliable automobile at a minimal price. Our cars are distributed as they are received through referrals of eligible participants from DSS and Community Partners. It is our intention to provide them to families who are in desperate need of transportation.

OEI wants to help increase opportunity and strengthen the family structure. Studies show that individuals with transportation obtain better jobs with higher wages, have potential for wage growth leading to self-sufficiency, and reducing their dependency on public assistance. Vehicle ownership also allows participants the ability to enroll in and attend higher education leading to a career pathway and increased income. Transportation also allows for access to better health care for the family, less missed appointments and overall better health. Children can participate in after school sports and extra curricular activities, leading to increased safety and stability for the family unit.

# Cars for Work Benefits to Recipients

- Understanding how to budget
- Savings Plans
- A car orientation class reviewing the basic maintenance procedures of car ownership.
- Low cost transportation
